

CAPS # 15: Farm Containers—Photos and Management

In addition to listing and describing the management of your HARVEST containers (in #4 of your Produce Safety Plan), CAPS requires **photos of all your major container types** (e.g. harvest, holding, shipping, multi-use, etc), and a **description of how you manage them** (e.g. rinsing, washing, short and long-term storage).

Please browse the CAPS Share Page or see these farms below for solid models!

[Bella Farm](#)—Simple system, one type

[Red Wagon Plants](#)—Retail pack out

[Jericho Settlers](#)—Larger more complex—separate SOP for printable poster.
